# Insurercore

As you may have heard, Insurercore has now partnered with BIBA to provide its members, a modern, innovative new way to reach capacity providers like you.

Whether you are looking to announce new capacity, or whether you want to promote your current products and staff, by creating your profile and adding your products, you can become instantly available via our search and can push notifications and updates to all your brokers directly to their desk.

Boost Distribution - Reach over 3000 brokers using our notification feed

**Generate Leads** - Use our Analytics to understand which brokers need your services

**Improve Market Visibility** - Through advertising your expertise and areas of experience to the wider market, you will become more visable to those Insurers and Agents that matter to you.

**Fully Understand your Markets' Landscape** - Know exactly what your connections are looking for at any given time. Driven by real-time analytics we can tell you which of your brokers is looking at what.

**Reduce your Marketing Costs** - Insurercore allows you to push out your message in a clear and concise fashion, whilst allowing you to be visual by uploading media content and .pdf promotional material.

**Manage your Contacts** - Create contact groups, add companies to your contacts and control visibility around who can view your information and who you want to keep updated.

By signing up for a free Insurercore profile you will get access to 1000s of insurance professionals and their risk portfolio and with our instant messaging tool and contact groups you can quickly and efficiently start a conversation with one or multiple users.
